

Noah Lloyd

Technical Teamwork

Reflection 12

Total: 100

- What did I do to prepare for class this week? (5 Points)
 - o To prepare myself for class this week, I read and took some notes on the preparation material for class.
- What topics were studied this week, and what are their definitions? (5 Points)
 - o The main topic this week was about Loyalty. The definition of the word loyalty is—having a devotion and faithfulness to a country, nation, cause, group or person.
- What phase of the projects did you complete? (5 points)
 - o For our projects, we are finished with all of them. We finished our potato cannon yesterday. We finished our python calculator program, and it works and function correctly. We met and have discussed some of the devotionals. And we have finished our escape room project.
- Where did you put your assignments in GitHub? (5 points)
 - o All of my assignments are linked and posted into my GitHub pages online. Every assignment is posted and uploaded onto that page.
- Why is this week's topic important? (5 Points)
 - o This week's topic was loyalty. Loyalty is very important with relationships with people, whether it is a significant other or friendships. Having loyalty can help build stronger bonds and create that social support for each other. Loyalty can be fostered by being respectful, appreciative, supportive, loyal, and honest.
- What did I learn from the study material? (5 Points)
 - o From the talk titled *Loyalty* given by President Gordon B. Hinckley, I learned that loyalty is something that we need to be willing to do. In the church as example, the church paves the way to the path of exaltation and eternal life. A path, that if followed, will allow us to live with Heavenly Father and his son Jesus Christ

again. We have to be willing to follow that path and be loyal to Heavenly Father and be doing the right things that we should be doing.

- What did you learn from your work on your project? (5 Points)
 - o While working on our potato gun project, we were having an issue where we were not getting a spark to arch inside of the gun. We had to do a little bit of troubleshooting. That is a skill that I learned, is that not everything is going to go as planned. You are going to have to try and fix the problem and come up with new ideas as a team. For us, we redrilled in some different screws and fixed the wiring a bit, and that helped fix our problem of getting no spark.
- What actions were assigned to you in your team meetings? (5 Points)
 - o When we met to work on our potato gun, I did the actions of holding down the PVC pipe as we screwed into it, used PVC cement to glue pieces together, and applying electrical tape to some of the wiring and to hold wires down.
- Why is this week's topic important for teamwork? (20 Points)
 - o If you are loyal to your team, you would be honest and share positive constructive feedback. Having loyalty in the team will also make other members of that team feel respected, as having loyalty will make the leader respect and value your input and ideas to the team, either if it is an idea of something that you agree or disagree with. Having loyalty within the team will help the team bond and function better together.
- How do you plan on contributing to the team, besides completing your tasks? (20 Points)
 - o I plan on contributing by throwing out ideas, allowing others to speak and hear their ideas, and give feedback about their thoughts and ideas. I will also help contribute by purchasing any of the parts or items or expenses needed for any of our projects that we have.
- If this was a religion class, how would you relate this week's topic to the gospel? (20 Points)
 - o This week's topic was about loyalty. With loyalty in the church, we need to be loyal to Heavenly Father and Jesus Christ and do as they command and want us to. We are given the agency to choose and make decisions for ourselves. We are also given everything we need to follow the path to eternal life, but we must be

loyal and follow the teachings of Christ and do as we must do to be able to live with Heavenly Father and thy son Jesus Christ again.
